INTRODUCING OUR *Absorbine® Ambassadors*

Absorbine is proud to partner with a few carefully selected equine professionals and organizations who share our commitment to the highest standard of horse care and horsemanship.

Laine Ashker

Laine Ashker's love of horses began very early, as her mother, Valerie, competed in eventing through her first two trimesters. Since then, Ashker has taken four horses up through the five-star level of eventing, including the prestigious Kentucky Three-Day Event, Blenheim CCI4* and Burghley CCI5*, as well as winning the American Eventing Championship aboard her longtime partner, Anthony Patch. In 2014 Ashker added dressage to her résumé and has since earned her Bronze, Silver and Gold medals.

Brad Barkemeyer

A presence both inside the show ring and out, Brad Barkemeyer specializes in bringing horses to their full potential in a variety of western disciplines, including cutting, reining, roping and working cow horse. A professional since 1988, he has earned top honors in American Quarter Horse Association, National Cutting Horse Association, National Reined Cow Horse Association and World Series of Team Roping Championship events with colts, ranch horses and performance horses he has trained.

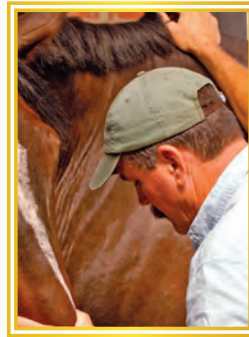

Julie Goodnight

Internationally celebrated trainer and clinician Julie Goodnight travels the U.S. sharing her no-nonsense horsemanship with riders of all disciplines. Experienced in dressage, jumping, racing, reining, cow horse, colt starting and wilderness riding, she is able to help riders become more confident in the saddle. She is the international spokesperson for the Certified Horsemanship Association and was named Equine Affaire's Exceptional Equestrian Educator.

Sinead Halpin

Renowned competitive eventer and trainer Sinead Halpin has been competing at the Advanced level since 1999. Her longtime partnership with Manoir de Carneville resulted in numerous top-10 finishes in the world's most prestigious events, including a third at the Kentucky Three-Day and second at the Burghley CCI4*. An ICP III Certified Trainer, she has trained under both David O'Connor and William Fox-Pitt and is currently Area II Rider Coach.

Jim Masterson

Established by Jim Masterson, the Masterson Method® Integrated Equine Performance Bodywork™ is a system in which horse owners learn to recognize and use the horse's response to touch to find and release tension in key body areas, enabling the horse to actively participate in the process. Masterson has used his method on top equine competitors in the Maclay Medal, FEI Grand Prix, Nations Cup, Pan American and World Cup jumping events.

Ian Millar

Ian Millar is an icon in international show jumping. The most decorated equestrian in Canadian history, Millar's record-breaking career has set the bar for unparalleled achievement and longevity, including competing in 10 Olympic Games, more than any athlete in any sport. He holds an Olympic team Silver from 2008 as well as nine Pan American Games medals, including two individual Gold. Millar retired from international competition in 2019 but continues to develop young horses.

Patrick the Mini and Sarah Schaaf

GTR Patrick's Vindicator, known to all as Patrick, is an American Miniature Horse known internationally as an ambassador showcasing the versatility of the breed. Since 2002, Patrick has been welcomed at shows, demonstrations and performances with owner Sarah Schaaf, including BreyerFest and Kentucky Horse Park Horses of the World Show. He is also a registered therapy animal. Patrick was inducted into the USEF/EQUUS Foundation's Horse Stars Hall of Fame and in 2019 became a Breyer model.

GROOMING

ShowSheen® & Santa Fe™ Grooming Aids

A shiny coat is cultivated by diligent care and attention to detail. We help with world-renowned products designed to keep your horses' coats clean, comfortable and healthy.

The world's #1 grooming aid for a reason.

SHOWSHEEN® HAIR POLISH & DETANGLER

The only grooming aid clinically proven to reduce hair breakage by 40%.¹

- Creates that famous ShowSheen® shine
- Delivers instant detangling
- Nourishes coats to promote stronger, longer hair
- Repels dirt and dust and reduces static
- Makes grooming faster and easier
- Keeps horses clean and coats radiant longer

¹Test results on file.

32 oz.428890
1 gal. Refill428940

SHOWSHEEN® FINISHING MIST

Provides light, even coverage to touch up the perfect shine.

- Fast-drying, streak-free shine
- Repels dirt and dust for days
- Highlights coat color and muscle definition
- Convenient application with 360° sprayer

15 oz.440950

SHOWSHEEN® 2-IN-1 SHAMPOO & CONDITIONER

A beautiful shine starts with a clean, healthy coat. Now get it all in one easy application.

- Designed for a horse's sensitive skin
- Provitamins and conditioners nourish skin and coat
- Sulfate- and paraben-free formula is pH-balanced and gentle on skin
- Rinses out cleanly, leaving no residue

20 oz.428969

SHOWSHEEN® STAIN REMOVER & WHITENER

Whiten whites and lift stains quickly and easily with the powerful and color-safe Oxi-Eraser® formula.

- Keeps coats of any color vibrant
- Gentle, fast acting and pH balanced for horses
- Nourishes coats with panthenol, provitamins, green tea and fruit extracts
- Made without bleach or bluing agents

20 oz.430526

PRO TIPS

And that's why you ShowSheen®

ShowSheen® does much more than make your horses shine like the unicorns they are. Use it regularly to protect their coats and your time.

Clipping

Julie Goodnight says, "Using **ShowSheen®** before clipping will help reduce the friction on your clipper blades, allowing them to glide through the hair better, reducing clipper lines and helping keep your clipper blades sharper longer. Before clipping, thoroughly curry and brush the horse and then brush the coat up before applying **ShowSheen®**. This will ensure that the underside of the hair is also treated."

Burrs & Sand Spurs

Before hitting the trail or turning out your horse, apply **ShowSheen® Hair Polish & Detangler** or **ShowSheen® Detangler Gel** to prevent burrs from clinging to fetlocks, manes and tails.

Blanketing

Make blankets more comfortable for your horse. Reduce blanket rubs and static cling by spraying **ShowSheen® Hair Polish & Detangler** on your horse before blanketing.

SHOWSHEEN® DETANGLER GEL

Tame tough tangles and deep-condition manes and tails for a high-gloss luster.

- Untangles the toughest knots
- Made with Moroccan argan oil for a pleasant scent and silky-soft finish
- Targeted application
- Residue-free formula

4 oz. 428781

SHOWSHEEN® MIRACLE GROOM®

Ideal for cold weather and when water isn't available, our "Bath In A Bottle"™ cleans, conditions, deodorizes, detangles and adds shine without rinsing.

- Lifts stubborn dirt and dust
- Removes stains and brightens color
- Creates a clean shine without greasy residue

32 oz. 427960

SANTA FE® COAT CONDITIONER & SUNSCREEN

Our ultimate no-slip conditioner with coat-protecting sunscreen.

- Deep-conditions and repels dust and dirt
- Nourishes with vitamin E and panthenol and enriched with silk proteins
- Saddle-area safe

32 oz. 441225

SUPERSHINE® HOOF POLISH & SEALER

Super high-gloss shine for show-ready hooves.

- Quick-drying formula
- Prevents dirt and dust from settling and dulling appearance
- Does not penetrate beyond surface of hoof wall
- Seals out excess moisture to help harden soft hooves

8 oz. Clear 429087

8 oz. Black 428989

FLY CONTROL

UltraShield® & Flys-X® Fly Sprays

Not only do flies, ticks, gnats and other bugs bite and sting your horse, they can spread disease. UltraShield® gives you proven, long-lasting, water-based protection that's gentle on the skin and won't attract dust. Plus, with multiple options you can adjust the protection to fit your climate, activity and life.

ULTRASHIELD® EX INSECTICIDE & REPELLENT WITH ULTRABOND TECHNOLOGY™

When you need to eliminate fly frustrations, reach for The Fly Spray in the Black Bottle® – our most advanced fly spray for horses.

- Kills and repels more than 70 species, including flies, mosquitoes, ticks and gnats
- Weatherproof for up to 17 days with UltraBond Technology™
- Ready-to-use, water-based formula contains multiple sunscreens and coat conditioners, including aloe and lanolin
- For use on equines and dogs (12 weeks and older) and as premise spray

32 oz. 430854
1 gal. Refill 430870

ULTRASHIELD® GREEN NATURAL FLY REPELLENT

Serious protection in an eco-safe formula.

- Repels and controls biting flies, mosquitoes, ticks and gnats
- Made with seven essential botanical oils in a non-greasy application
- Smells great and adds shine
- For use on equines and dogs (12 weeks and older) and as a premise spray

32 oz. 429520
1 gal. Refill 429512

ULTRASHIELD® SPORT INSECTICIDE & REPELLENT

Sweat-resistant formula ideal for training.

- Repels and kills mosquitoes that may transmit West Nile virus
- Protects against biting and nuisance flies and gnats
- Stays active up to 14 days, even in hot and humid conditions and after rain

32 oz. 429267
1 gal. Refill 430872

ULTRASHIELD® RED INSECTICIDE & REPELLENT

Five proven active ingredients stop bugs before they bite.

- Kills biting and nuisance flies, mosquitoes and ticks
- Long-lasting repellency stays active up to seven days
- Contains non-greasy coat conditioners

32 oz. 429265
1 gal. Refill 430874

PRO
TIPS

“I like to spray stall walls and around feeders to discourage flies from gathering. Spray inside your horse trailer prior to loading horses to ensure your horses are comfortable while traveling.

Apply a light spray to brushes prior to grooming, resulting in consistently full coverage as well as gaining a polished clean hair coat.”

Brad Barkemeyer

Trainer, Clinician, Competitor

Don't Let Them Feast

Did you know? Flies, ticks and other pests suck as much as **4 cups of blood** out of your horse every 10 days. Arm yourself with ways to defeat these pesky pests and keep your horse happy.¹

¹Townsend L. Horse flies and deer flies. University of Kentucky ENTFACT-511.

It's Not Over Till it's Over

Just because you're not seeing as many flies in the cooler months doesn't mean it's time to let up on the protection. Disease-carrying ticks attach and feed well into late fall. Apply **UltraShield[®] EX, Red or Green** to protect your horse from these bloodsuckers.

Face Pests Head On

Your horse's head is a bug target. Flies are attracted to their eyes and nose for moisture. And your horse's ears are a prime target for gnats. A comfortable fly mask can keep your horse from shaking and rubbing at these annoyances.

Available with or without ears.

ULTRASHIELD[®] FLY MASKS

FLYS-X[®] READY-TO-USE INSECTICIDE

Multi-species fly spray for use on livestock.

- Protects from horn flies, lice, mosquitoes and gnats
- Ready to use and ideal for hobby farmers
- Also great for horses and dogs (12 weeks and older)

32 oz.429660
1 gal. Refill429667

Keeps horses cool, dry and comfortable throughout fly season.

- Stays in place with two-way performance stretch fabric and double-locking hook and loop closure
- Rolled seams prevent rubs and irritation
- Advanced fabric blocks harmful UV rays and reduces solar glare
- Breathable, comfortable design wicks moisture away to keep face cool
- Durable and resistant to stains, mud, dirt, debris and horseplay

ULTRASHIELD[®] FLY MASK COB

MUSCLE & JOINT COMFORT

Absorbine® Veterinary Liniment, Bigeloil® & CoolDown®

The product that started it all, Absorbine® liniments have been giving horses show-safe relief from stiff joints, fatigued muscles and arthritis pain since 1892.

Photo by Brant Gamma Photography.

WARM-UP

ABSORBINE® VETERINARY LINIMENT GEL

Deep-penetrating heat for targeted treatment of muscular soreness caused by overexertion, minor injuries and arthritis pain.

- Spearmint-scented with menthol and herbal extracts
- Convenient gel form for easy application
- Loosens stiff joints and reduces swelling

3 oz. Tube Retail Display (12 count)407505
12 oz. Bottle430504

ABSORBINE® VETERINARY LINIMENT

A powerful blend of natural herbs and oils that provides fast-acting relief for sore muscles, tendons and stiff joints.

- Penetrates deeply to soothe arthritis discomfort
- Works as an antiseptic for minor cuts
- Cleans and treats rain rot, scratches and summer itch
- Helps prevent hoof and sole fungal infections

Jim Masterson's go-to for reducing soreness in his horses.

16 oz.427780
32 oz.427790
1 gal.427862

BIGELOIL® LINIMENT

Well known to professionals, this invigorating rub quickly stimulates circulation to relieve sore muscles, tendons and joints.

- Refreshing brace or bodywash for after strenuous training
- Reduces soreness from exertion and strain
- Relieves minor arthritic pain
- Works as an antiseptic for minor cuts and fungus

16 oz.427950
32 oz.427952
1 gal.427954

PRO
TIPS

“It is important to keep my horses sound and comfortable throughout the year, as I am a firm believer that when horses feel well, they perform well. Whether I am showing or training at home, the wear and tear on the horses’ limbs is a constant factor we face as their riders. That’s why I use **Absorbine® Veterinary Liniment Gel** after every jump and dressage school. The gel helps to cool the leg and tighten the tendons, which ultimately aids in quicker recovery. I would never train without my **Absorbine® Veterinary Liniment Gel!**”

Laine Ashker

Gold Medal Dressage Rider and Eventer

A Winning Warm-Up

The warm, soothing benefits of liniments do more than make a horse feel good. They can help you have a better ride.

Start Strong

Jump-start your horse’s warm-up by rubbing **Absorbine® Veterinary Liniment Gel** on major muscle groups and joints while tacking up.

Back in the Saddle

If your horse is returning to riding after time off due to an injury, give that area a little extra relief by massaging **Absorbine® Veterinary Liniment Gel** into the recovered area.

Prevention is the Best Medicine

After vigorous exercise, use **Bigeloil® Liniment** as a comforting brace to help your horse feel better immediately and reduce lingering soreness.

The Perfect Bodywork Follow-Up

“Muscle tension patterns in the body affect performance and comfort. **Absorbine® Veterinary Liniment** not only helps to relieve soreness in these muscles, it can help reduce tension, one of the primary causes of soreness in the body,” says Jim Masterson, creator of the Masterson Method® Integrated Equine Performance Bodywork®.

BIGELOIL® LIQUID GEL LINIMENT

Convenient, fast-acting relief for localized pain.

- Soothes, refreshes and invigorates sore muscles
- Reduces soreness from exertion, strain and minor arthritic pain
- Stimulates circulation
- Drip-free application

14 oz. 427947

BIGELOIL® QUILTED POULTICE HOOF PADS & LEG WRAPS

Disposable, no-mess poultice solution brings relief to hoof heat, bruising and general soreness.

- Traditional poultice ingredients in quick, easy application
- Convenient alternative to hoof soaking
- Can be used overnight or for up to 18 hours
- Easy, mess-free application

Hoof Pads
Reusable Pouch (4 Pads per Pouch) 427944
Leg Wraps (8 Wraps per Carton) 427942

ABSORBINE® COOLDOWN® HERBAL AFTER-WORKOUT RINSE

Cools and refreshes after workouts and on hot days. Conditions the skin and coat to help replace oils lost from sweat.

- Made with 12 herbs and essential oils plus arnica and aloe vera
- Soap-free for daily use; no need to wash off
- Provides soothing aromatherapy
- Concentrated formula makes 32 gallons

32 oz. 427870

Absorbine® Veterinary Liniment, Bigeloil® and CoolDown® are all safe for show.

“Some ingredients in Absorbine Veterinary Liniment Gel, Absorbine Veterinary Liniment, Bigeloil Liniment, Bigeloil Liquid Gel Liniment, Bigeloil Quilted Poultice Hoof Pads and Leg Wraps and Absorbine CoolDown are forbidden under the USEF Drugs & Medications Rule; however, provided the products containing these substances are administered only topically and as recommended by the manufacturer, there is no need for restricting their use during competitions under USEF rules. However, if these products are used inappropriately, e.g., in a manner other than topically, this could result in a positive finding in the blood or urine of the horse, which would be a potential violation of the rules.”—USEF DSM Program Notice Regarding Use of Liniments 2014.

WOUND & SKIN CARE

Silver Honey™ & Fungasol®

You can't take your horse's skin for granted. After all, a little damp weather or just a new turnout buddy can leave your horse with uncomfortable skin damage. Our products make it easy to clean, treat and protect to keep your horse's skin trouble free.

NEW

SILVER HONEY™ RAPID WOUND REPAIR

Exclusive combination of natural medical-grade Manuka Honey and MicroSilver BG™ in a first-of-its-kind formula that speeds the healing of topical injuries and infections while protecting the skin's important microbiome.

- Proven to stop 99.9% of bacteria immediately to start healing faster
- Provides natural debridement of wounds to shed dead tissue and promote new tissue growth
- Natural neem oil repels insects
- pH balanced and free of hypochlorous acid
- Effective on cuts, abrasions, sores, rain rot, rashes, fungus, scratches, sweet itch, wounds and burns; can be used with or without wraps
- Great on hot spots; safe for dogs, cats and all animals

The pure strength of MicroSilver BG™ and Manuka Honey work together in a uniquely powerful combination to start healing faster. And it's only available with Silver Honey™ Rapid Wound Repair.

8-oz. Bottle 430485

2-oz. Tube 430480

Microsilver BG™ is a registered trademark of Bio-Gate AG.

Microsilver BG™

Providing lasting broad-spectrum antimicrobial action, MicroSilver BG™ is a powder of micro-sized pure medical-grade silver particles. Unlike colloidal silver, micro-sized particles provide the highest level of safety for silver used in topical healthcare, resulting in effective antimicrobial action that clings to the skin and hair follicles. MicroSilver BG™ protects from unwanted germs while boosting the skin's natural defenses and maintaining the skin's beneficial flora.

Medical-Grade Manuka Honey

Silver Honey has an impressive 5+ Unique Manuka Factor (UMF) rating, meaning it uses genuine Manuka Honey gathered exclusively from the pollen of the manuka tree of New Zealand, distilled and condensed into an ultrapotent, medical-grade form. Only Manuka Honey has the exceptionally high antibacterial activity necessary for rapid healing. All while maintaining a hydrated and healthy wound environment.

Proven Results

2-year-old wound

Post-treatment with Silver Honey

"After using Silver Honey Rapid Wound Repair for one month as directed, the skin is growing much better with less scabbing. It's the most dramatic change we've seen in the two years of wound management."

Dr. Michael Stewart, DVM

PRO TIPS

Be Prepared to Spring Into Action

The sooner you react to damaged skin and tissue, the more quickly the body can respond to wound care. Don't wait. Minimize further tissue damage by taking action as soon as you see a fresh cut or the start of a fungal infection.

Wound care supplies should always be at hand.

Keep your go-to wound care in the following spots:

Your Tack Room

Your Trailer

At Home

Remember to store inside during extreme heat and freezing weather.

Protect Skin Year-Round

A complete antifungal, antibacterial system that helps clean, treat and protect skin with a gentle yet powerful formula including tea tree oil and Biopolysan® booster. It fights both common and tough conditions such as flaky skin, rain rot, ringworm, girth itch, dew poisoning and pastern dermatitis, commonly known as scratches or greasy heel.

Biopolysan® is a registered trademark of Copperhead Chemical Company, Inc.

CLEAN

FUNGASOL® SHAMPOO

Helps clean and disinfect.
20 oz.430440

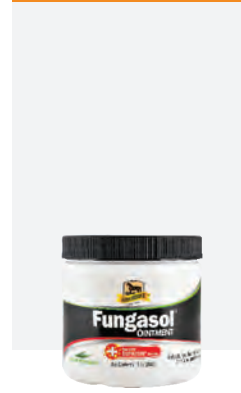

TREAT

FUNGASOL® SPRAY

Helps treat and target bacteria and fungus. Great for small and large areas, it easily penetrates hair (even manes, tails and feathers) to kill bacteria and fungus.
22 oz.430430

PROTECT

FUNGASOL® OINTMENT

Shields sensitive skin from irritation and debris to help healing.
13 oz.430450

HOOF CARE

Hooflex® & Magic Cushion®

You've heard the saying, "No hoof, no horse." That's why we've invested in delivering the best hoof growth, care and protection products in the world.

HOOFLEX® MAGIC CUSHION® & MAGIC CUSHION® XTREME

Veterinary-formulated to work like magic on sore feet and reduce hoof heat within one hour and lasts for up to 24 hours.* For faster, stronger relief, choose Magic Cushion® Xtreme with a higher concentration of active ingredients.

- Helps relieve symptoms associated with hoof concussion and trauma*
- Calms inflammation and soreness throughout the sole and frog
- Fast-acting and long-lasting relief from heat and soreness in hooves
- Show-safe formula contains no USEF- or FEI-prohibited substances
- Great value – each 4-lb. tub contains enough packing for 20 applications

*Thermal imaging study conducted September 2012.

"One of the top 5 products recommended by farriers to clients."

2014 American Farriers Journal Business Practices Survey

HOOFLEX® THERAPEUTIC CONDITIONER LIQUID

Restores and supports strong, healthy hooves.

- Treats dry, cracking, chipping and brittle hooves
- Antibacterial and antifungal agents help prevent infection
- Creates a breathable barrier to help maintain long-lasting moisture balance
- Works quickly and provides deep therapeutic conditioning

Trusted by farriers for more than 70 years.

15 oz..... 428355

HOOFLEX® THRUSH REMEDY

Highly effective thrush and white line disease treatment.

- Kills and prevents bacteria and fungi that cause hoof disease
- Promotes healing while protecting live tissue
- Easy-squeeze bottle delivers targeted application
- Clear, formaldehyde-free formula does not sting, stain or dry out hoof

12 oz..... 428455

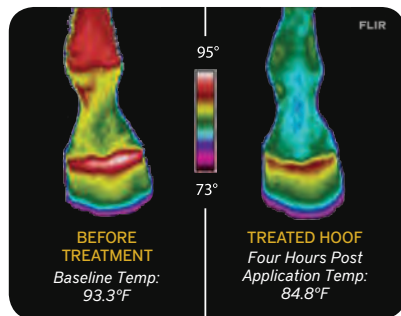

PRO TIPS

When's the right time to use Hooflex® Magic Cushion?

lessons, during or after shows, during or after trailering, following shoe removal and after time spent on hard, rocky or uneven ground.

The average hoof uses 3 ounces of **Magic Cushion**® – about the size of a golf ball. Adjust the amount according to your horse's hoof size.

Visit the Learning Center at Absorbine.com for application instructions.

*Thermal imaging study conducted September 2012

Thermal Imaging Confirms the Cooling Power of Magic Cushion®

Magic Cushion® is useful in soothing hooves any time, including after jumping

Recommended by Farriers & Competitors

"Sore feet will stop your horse. Whether it's concussion, bruising or the daily rigors of training taking its toll, **Magic Cushion**® is my go-to hoof packing to keep my horses comfortable and performing at their best," says Ian Millar, International Show Jumping Champion.

HOOFLEX® THERAPEUTIC CONDITIONER OINTMENT

The original Hooflex® ointment. Helps maintain the pliability of the entire hoof with moisture-balancing conditioners.

- Deep-conditions to restore and support healthy hooves

- Supports healthy muscle and topline development with Lysi-Crea[®] Complex, a proprietary blend of lysine and creatine
- Supports protein absorption with GanedenBC30[®] probiotic
- Helps maintain balance in the total digestive tract with prebiotics and GanedenBC30[®]
- Supports a healthy immune system with the antioxidant properties of gamma oryzanol

8 lb. Pellet Tub (60-Day Supply)..... 430752
 GanedenBC30 is a registered trademark of Ganeden Biotech, Inc.

PRO TIPS

“As with any older horse, comfort and well-being are my primary concerns for Patrick. With **Flex+Max**[®], however, joint pain doesn't have to be a concern. Even at 26 years old, he is able to perform at his peak and looks and acts no older than 10. I have seen noticeable improvement in Patrick's movement and comfort since starting him on **Flex+Max**[®] in 2017. Absorbine offers the highest quality and best results in their supplements, and are the only ones I trust to keep Patrick happy and healthy.”

Sarah Schaaf

Owner, Trainer, Exhibitor

Not All Supplements Are Created Equal

Your horse's nutritional needs depend on a lot of things, including age, activity and stabling. The right supplements can help round out their diet and improve their lives.

The amount of active ingredients can vary tremendously, and some supplements may not even contain the type or amount of ingredient listed on the label.

Check for Seals of Approval

NASC is an independent organization that tests to make sure that the active ingredients on the label are actually in the package and that the product is up to the organization's quality standards.

Read the Label

Many supplements require a loading dose and may take weeks to begin working. (For fast-acting supplements that require no loading dose, check out our **Bute-Less**[®], **Flex+Max**[®] and **Maximize**[®] formulations.)

Do You Show?

Be sure to check the ingredients against your competing organization's list of banned substances.

The Missing Link[®]

A different kind of supplement created by veterinarians to provide healthy nose-to-tail support rich in omega-3s. Plus, our proprietary manufacturing process makes sure the freshly ground flaxseed retains maximum nutrients and remains stable without added preservatives. See the difference.

PRO CMC[®] GASTRIC RELIEF FORMULA

Proactively supports normal gastric and intestinal function and helps prevent gastric distress due to diet or the stress of training, shipping, weaning or drug therapies.

- Buffering formula coats the lining of the stomach
- Helps maintain normal stomach acid
- Provides essential source of calcium and magnesium

- Balanced omega-3 and -6 essential fatty acids support cardiovascular and intercellular health

5.3 lb. (60-Day Supply) 473511
10.6 lb. (120-Day Supply) 473501

THE MISSING LINK[®] WELL BLEND[®] SENIOR SUPPLEMENT

Specially selected ingredients help maintain physical and mental well-being in aging horses.

- Glucosamine and MSM help support healthy joints and flexibility
- Omega-3 fatty acids help decrease normal inflammatory pathways
- Probiotics support digestive and gastric systems and may help reduce the possibility of digestive colic
- Grape seed extract provides potent antioxidant protection to help eliminate free radicals associated with the aging process
- Ginkgo may help enhance brain function
- All in a freshly ground flaxseed base that provides fatty acids vital to everyday vitality, strong muscles, healthy joints and the heart and cardiovascular system

5.3 lb. (60-Day Supply) 473711

LEATHER CARE

Leather Therapy® & Horseman's One Step®

Your tack is an investment. And you know you should clean it more often than you probably do. We get it. That's why we make it easy to protect your investment with amazing leather care products that extend the life of your leather and fit your lifestyle.

LEATHER THERAPY® WASH

Innovative leather care deep-cleans even the dirtiest tack from the inside out without harming, hardening or darkening leather.

- Concentrated micro-suds lift out embedded dirt
- Safe, easy and gentle enough for daily use
- Leaves leather soft and supple
- No residue, streaks or moisture buildup, so it won't attract dirt

8 oz.450501
16 oz.450502
32 oz.450503

LEATHER THERAPY® RESTORER & CONDITIONER

You won't believe your eyes. Leather looks like new thanks to the unique pH-neutral formula that gets below the surface to remove embedded impurities while replenishing moisture and the leather's original deep, rich color.

- Deep-conditions and protects to extend the life of your tack
- Makes quick work of mold and mildew stains
- Shortens new leather break-in time
- Keeps leather supple
- No greasy or sticky residue

8 oz.450401
16 oz.450402
32 oz.450403

LEATHER THERAPY® FINISH

Protects and adds shine to leather of any color and highlights detailing and tooling.

- Great on any color leather, leaving a ready-to-show-off shine
- Protects lighter hues from staining
- Preserves tooling and intricate detailing
- Wax- and oil-free formula

Not for use on suede.

8 oz.450701

LEATHER THERAPY® WATER REPELLENT

Deep-penetrating water-repellent designed to protect leather, suede and nubuck from water and staining from the inside out.

- Saturates deeply into leather
- Will not change color, feel or breathability of leather
- Free of silicone, wax and oil
- Protects underside of tack from sweat and grime

8 oz.450601

HORSEMAN'S ONE STEP® CREAM LEATHER CLEANER & CONDITIONER

All-in-one cleaning and conditioning in an easy-to-use, pH-balanced cream that leaves leather soft and lustrous.

- Lifts and removes dirt and sweat from natural and synthetic leather
- Rich lanolin penetrates to recondition dry, cracked leather and keep it soft and pliable
- Leaves a beautiful satin sheen with no sticky residue
- Won't darken leather

15 oz.428320

PRO TIPS

As soil lifts free, you may need to wipe again with a clean cloth. Because the microsuds contain beneficial lubricants, it is not necessary to wipe away all excess cleaner.

To Restore and Condition

Apply a light layer and allow to dry thoroughly. Leather will absorb what it needs to restore suppleness. Repeat until desired results are achieved. Drying time and number of applications will vary with the thickness and dryness of leather. **Leather Therapy Restorer & Conditioner** may bring old, embedded oils and soaps to the surface as it dries – simply wipe down with a damp sponge.

In a Hurry?

Turn to **Horseman's One Step** for efficient cleaning and beautiful conditioning.

“The Leather Therapy® family of products is one of the best things I’ve ever discovered for making my horse life easier and better! I only use the best tack and equipment for my horses. It’s a big investment, so it makes sense that I only use **Leather Therapy**® products – the best on the market – to take care of my equipment.”

Julie Goodnight

Horse Trainer, Clinician

Complete leather care to make bridles, saddles, car seats & more look like new.

Leather is made up of multiple layers. Most products only work on the surface. **Leather Therapy**® is unique, getting deep into the leather to lift dirt and restore suppleness and shine – without ever leaving a residue, so leather stays cleaner longer.

For Regular Maintenance

Spray **Leather Therapy Wash** on a clean, damp sponge or soft cloth and apply lightly to leather. That’s it.

To Clean Dirty Leather

Lightly spray **Leather Therapy Wash** directly on the leather and allow the cleaning ingredients to lift the dirt, and then wipe away the lifted soil. Do not saturate leather; a little goes a long way.

LEATHER THERAPY® LEATHER LAUNDRY SOLUTION™

Yes, really. Deep-clean, refresh and restore leather, suede, fabric and natural sheepskin right in the washing machine.

- Brings back the supple feel of suede, leather and fleece
- Ideal for full-seat breeches, full and half chaps, fleece saddle pads and leather clothing
- Patented, high-efficiency, biodegradable, detergent-free formula

16 oz.....450904

LEATHER THERAPY® LEATHER LAUNDRY RINSE & DRESSING™

Condition natural and synthetic leathers, fabrics and sheepskin in the washing machine.

- Provides rich conditioning emollients and anti-static benefits
- For use with Leather Laundry Solution™; add to cold water during last rinse cycle
- Can also be used as a wipe-on dressing for extra-dry leather
- Won't leave residue on items or in washer

Not for use on suede.

16 oz.....451004

LEATHER THERAPY® SADDLE PAD & BLANKET WASH

Specially formulated for waterproof, high-tech and wool fabrics. Removes heavy, protein-based stains, grime and contaminants.

- Safely cleans blankets, pads, sheets, equine boots and wraps
- Eliminates odors and brightens colors
- Unique concentrate formula also works on pet beds

16 oz.....451102

LEATHER THERAPY® SADDLE PAD & BLANKET RINSE

Deodorizes, refreshes and removes static while conditioning natural and synthetic fabrics.

- Safely conditions waterproof, high-tech and natural wool fabrics, including those used in equine boots, wraps, sheets, pads and blankets
- Also great for girths, cinches and pet beds

16 oz.....451202

A Legacy More Than 125 Years in the Making

Every day at Absorbine is a celebration of a legacy that began with a truly extraordinary couple: Mary Ida and Wilbur F. Young.

A labor of love, they set out to find an alternative to the common 19th-century practice of “blistering” lame horses. Knowing there had to be a better, more humane way, Mary Ida developed a special blend of herbs into an essential oils tincture designed to increase blood flow and speed healing. Using knowledge he gained working part time for a pharmacist, Wilbur rounded out the formula with a few more natural ingredients. The result of their teamwork is the Absorbine® Veterinary Liniment horse people still love more than 125 years later.

Inspired by Mary Ida and Wilbur’s vision, Absorbine has continued to add innovative products throughout the years. From the award-winning UltraShield® to the classic ShowSheen® to the breakthrough supplement Bute-Less® and the professionally endorsed Magic Cushion®, our portfolio of brands and trusted products consistently point toward common values: quality, excellence and innovation.

Our products are used every day by horse owners around the world. And every day, we continue working to maintain the honor of nurturing those special relationships that have made us ***The Horse World’s Most Trusted Name.***
