

# 10 GALLON OIL-FREE AIR COMPRESSOR

Item Number: GYC6100SQHV

## Specifications

|                            |                          |
|----------------------------|--------------------------|
| Oil Type:                  | Oil-free, Super Quiet    |
| Configuration:             | Vertical/Horizontal      |
| Tank Capacity:             | 10 Gallon                |
| SCFM at 90 PSI:            | 4.3 SCFM                 |
| SCFM at 40 PSI:            | 5.3 SCFM                 |
| Rated HP:                  | 2 HP                     |
| Peak HP:                   | 2.5 HP                   |
| Max Pressure:              | 175 PSI                  |
| Cut-In Pressure:           | 145 PSI                  |
| Number of Pressure Gauges: | 2                        |
| Quick-Connect Coupler:     | 1PC, Universal, NPT1/4   |
| Wheels:                    | 7"                       |
| Noise Level (21 Inch):     | 57dBA                    |
| Amperage Rating:           | 14.5A                    |
| Product Dimensions:        | 27.9"L x 16.9"W x 26.7"H |
| Item Weight:               | 90.5lbs                  |
| Warranty:                  | 1-Year                   |

## Product Features

### Horizontal and Vertical Storage Design

Versatile frame allows the compressor to stand vertically or lie horizontally for easy storage.

### Oil-Free Pump

Maintenance-free, oil-free pump delivers clean air for a variety of applications while reducing operational costs and downtime.

### Ultra-Quiet Operation

Designed for noise-sensitive environments, the compressor runs at a low decibel level (57dBA), ideal for indoor use or shared workspaces.
