

CozyChickens™

Brooder Habitat

The Brooder Habitat is not just a typical chick brooder—it's a complete, original system designed to nurture and support your chicks as they grow. Its unique design includes a clear feeding and watering tube, allowing you to monitor and replenish supplies effortlessly. The adjustable heated hood accommodates up to 14 chicks and can be easily raised as they grow, ensuring a comfortable and nurturing environment throughout their development.

Features & Benefits:

- **Efficient Heat Distribution:** Gentle radiant heat provides a safe, low-wattage alternative to dangerous heat lamps, delivering consistent warmth to support healthy growth.
- **Sturdy Adjustable Dome:** Built to accommodate chicks as they grow, providing a safe, climate-controlled space that delivers comfort and protection.
- **Height-Adjustable Hood:** Accommodates up to 14 chicks and can be easily raised as they grow, creating a comfortable and nurturing environment throughout their development.

- **Clear Feeding and Watering Tubes:** Effortlessly monitor and replenish supplies without disturbing your chicks, ensuring they stay nourished and hydrated at all times.
- **Spacious Food and Water Basins:** Large basins allow chicks to eat and drink without leaving the comfort of the brooder, promoting a stress-free experience.
- **cETL US Safety Listed:** Designed with safety as a priority, this habitat meets rigorous standards to ensure peace of mind for chick owners.
