Unpacking and Assembly

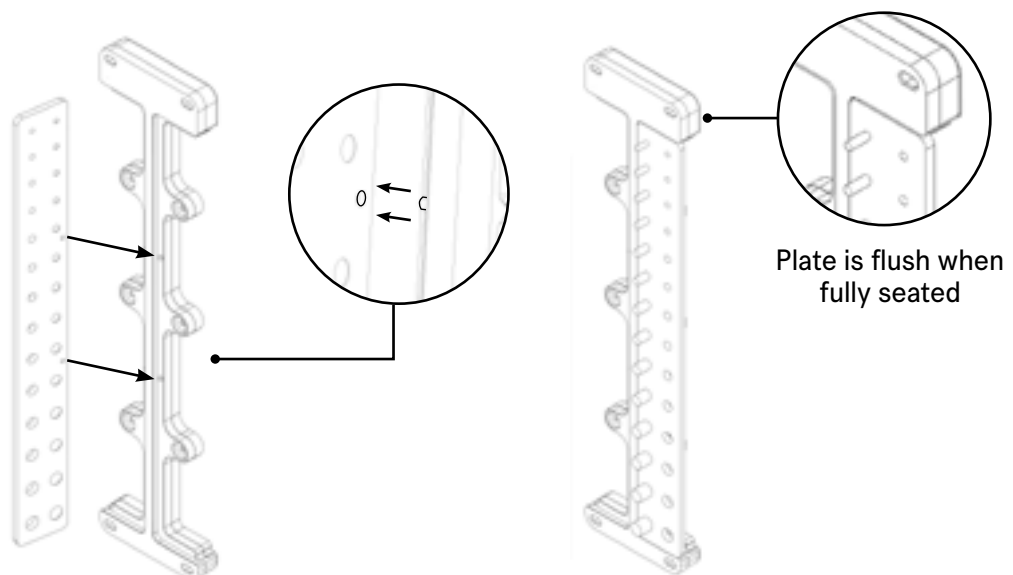

Quick Start Guide

1. Remove from packaging.
-
2. Mount the Identibolt Pro using the docking base's 4x mounting holes or the back-side magnets
-

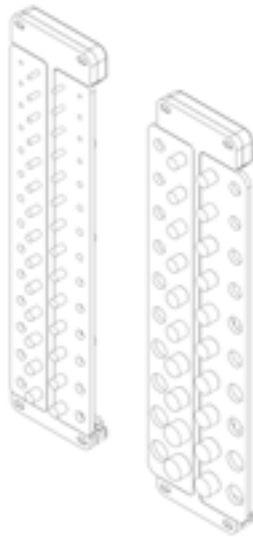

3. Measurement plates magnetically snap in and out of plastic base
-

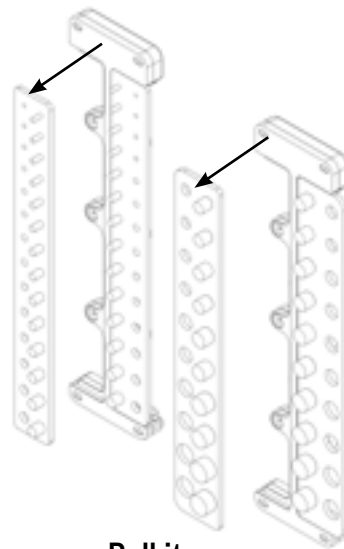

TIP: Ensure the male pins (on docking base) line up with the female holes (on the measurement plates) when re-inserting

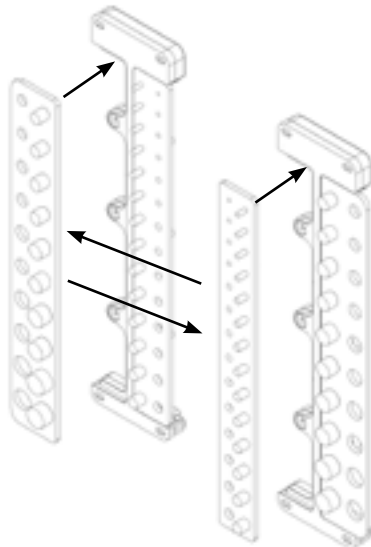

4. Have Fun! Swap PRO plates between docks, and increase the thread types you can measure with PRO expansions

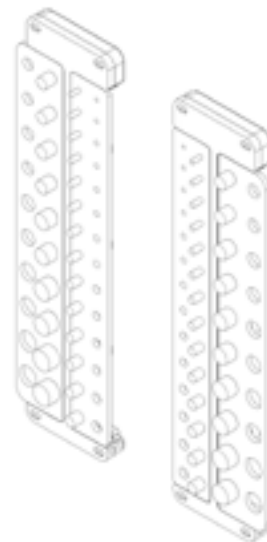

Bop it

Pull it

Twist it

Shake it

Technical Specifications

SST035 Identibolt PRO

Unit Weight	3.7 lbs
Unit Dimensions	21 x 4.75 x 1 in
Magnets	12x N48 Neodymium
Material	Aluminum Alloy and ABS Plastic
Finish	Hard Anodized Coating

**WARNING**

Read all safety warnings and all instructions. Failure to follow the warnings and instructions may result in mechanical failure, and/or serious injury.

SAVE ALL WARNINGS AND INSTRUCTIONS FOR FUTURE REFERENCE

1. Work Area Safety

- a. Use the Identibolt PRO in a clean, well-lit workspace. A tidy environment helps ensure safe and accurate bolt identification.
- b. Avoid placing the Identibolt PRO near open flames, high heat sources, or environments with excessive dust or moisture, as these may affect magnet performance or material durability.
- c. Keep children and bystanders at a safe distance while using the Identibolt PRO. Though the tool is non-powered, distraction or mishandling can still lead to dropped fasteners or improper mounting.

2. Personal Safety

- a. Stay focused and use common sense when using the Identibolt PRO. Even though it's a non-powered tool, distraction or careless handling can result in dropped hardware, pinched fingers, or improper use.
- b. Always wear appropriate personal protective equipment for your workspace. Eye protection is recommended when working with fasteners, especially in busy or shared environments.
- c. Inspect the Identibolt PRO before use. Do not use the product if it appears damaged or if any components are loose or missing. A secure and undamaged unit ensures safe and accurate bolt identification.

3. Use & Care

- a. Use the Identibolt PRO only for its intended purpose: identifying bolt & hardware sizes. Do not force oversized or incorrect fasteners into the sizing holes, as this may damage the threads or deform the identifier.
- b. To prevent crossthreading, ensure fasteners are aligned properly before threading into the sizing holes. Damaged threads can result in inaccurate readings and permanent tool damage.
- c. Install the Identibolt PRO securely using either the backside magnets on a clean, flat metal surface or by mounting it to a wall with screws through the designated mounting holes. Always ensure the unit is stable before use.
- d. Avoid exposing the Identibolt PRO to harsh chemicals or solvents (such as acetone, brake cleaner, or caustic cleaners), as these may degrade or discolor the anodized aluminum coating.
- e. Keep the Identibolt PRO out of reach of children or pets, and do not allow use by individuals unfamiliar with the tool or these instructions without supervision.
- f. Periodically inspect the product for any damage, such as loose magnets, misaligned plates, or worn sizing threads. If damaged, discontinue use and replace the affected parts to ensure accurate and safe operation.

Limited Warranty, Limitations of Warranty and Disclaimer of Liability**LIMITED PRODUCT WARRANTY**

STUPID SIMPLE TOOLS™ warrants that the IDENTIBOLT PRO™ (the “Product”) will, at the time of purchase by the first retail purchaser (“End User”), comply with the product specifications (the “Specifications”) published by Stupid Simple Designs, LLC (“SST” or the “Company”). This warranty is made only to the End User and is not assignable.

PRODUCT WARRANTY DISCLAIMER. LIMITATION OF DAMAGES.

TO THE EXTENT PERMITTED BY LAW AND EXCEPT FOR THE EXPRESS LIMITED PRODUCT WARRANTY SET FORTH IN THIS AGREEMENT, SST MAKES NO (AND EXPRESSLY DISCLAIMS ALL) WARRANTIES, EXPRESS, IMPLIED OR STATUTORY, WITH RESPECT TO THE PRODUCTS SUPPLIED UNDER THIS AGREEMENT, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR ARISING FROM COURSE OF PERFORMANCE, DEALING, USAGE OR TRADE. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, SST MAKES NO CLAIM, REPRESENTATION, OR WARRANTY OF ANY KIND AS TO THE UTILITY OF THE PRODUCTS FOR THE END USER'S INTENDED USES.

REMEDY FOR BREACH OF WARRANTY AND LIMITATION OF DAMAGES.

If notified in writing of a valid warranty claim within three months of the date of purchase by the End User, SST will, at its option, (i) correct the non-conforming Product so that it materially complies with the Specifications; (ii) provide a replacement Product; or (iii) terminate the Agreement and refund the purchase price paid for the Product. SST shall not be obligated to correct, cure, or otherwise remedy any nonconformity or defect in the Product if the End User has made any changes whatsoever to the Product, if the Product has been misused or damaged in any respect, or if the End User has not reported to SST the existence and nature of such nonconformity or defect promptly upon discovery thereof. IN NO EVENT SHALL SST BE LIABLE FOR ANY PUNITIVE, RELIANCE, INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST REVENUE, LOST PROFITS, OR LOST SAVINGS) IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCT, HOWEVER CAUSED AND UNDER ANY THEORY, EVEN IF IT HAS NOTICE OF THE POSSIBILITY OF SUCH DAMAGES. This section states SST's entire liability and the End User's sole and exclusive remedy for breach of warranty.

Assumption of Liability

The Identibolt PRO™ is a precision identification tool designed for use by individuals familiar with fasteners and workshop environments. While non-powered, improper use—such as forcing incompatible bolts, mounting incorrectly, or using the tool in unsafe environments—can lead to damage or personal injury.

By installing and/or operating the Identibolt PRO, you agree to assume full responsibility for any risks associated with its use, including damage to fasteners, tool components, or surrounding surfaces.

Stupid Simple Tools® is not liable for injuries or damage resulting from misuse, improper mounting, unauthorized modifications, or failure to follow safety instructions.
