

GLACIER™ COOLERS

GUIDEBOOK

GRIP *and* **SLIDE FEET**

Multipurpose base plates: when upright, rubberized grip feet prevent unwanted movement.

Lift and tilt to engage low-friction slide plate for easy, no-grip movement.

PADLOCK *and* **BOTTLE OPENER**

Slip a padlock through the coincident holes in the lid and metal bracket to secure the lid closed. Metal bracket doubles as a bottle opener.

COOLER *than* EVER:

Tips to Maximize Ice Retention

USE PLENTY OF ICE

2:1 ratio ice:food

START COLD, STAY COLD

Pre-chill food and drinks

SEAL AND SHADE

Keep the cooler closed and out of the sun

USE LAYERS

Alternate ice and food, and top with a layer of ice

BEAR RESISTANT

This cooler is certified bear resistant by the Interagency Grizzly Bear Committee. Certified equipment must withstand constant contact from a live adult grizzly bear for 60 minutes without failing. Padlock your lid shut to ensure the bears can't get in.

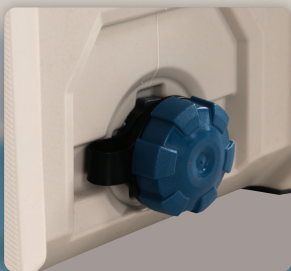

Scan to see how Lifetime coolers are bear tested.

COOLER MAINTENANCE

Store with the latches undone to prevent stretching

Ensure drain plug nut is fully tightened

Check that drain cap washer is secure

Store in a cool place out of the sun to prevent warping
