HOW TO MAKE YOUR DOG/PUPPY FEEL AT EASE INSIDE THE SLING:

- 1 Positive Start: Introduce the pet sling to your puppy in a calm environment, allowing them to explore it gradually.
- 2 Comfort Zone: Place familiar items inside, like a favorite blanket, to create a cozy and comforting space.
- 3 Gradual Exposure: Start with short sessions, increasing duration slowly. Use treats and praise for positive reinforcement.
- 4 Indoor Practice: Begin inside the home for a secure setting before venturing outdoors.
- 5 Smooth Movements: Simulate walking gently to acclimate your puppy to motion while in the sling.
- 6 Positive Rewards: Reward with treats and praise during and after each session to build a positive association.
- 7 Outdoor Introduction: Gradually expose your puppy to outdoor surroundings while in the sling.
- 8 Patience is Key: Be patient and consistent, allowing your puppy to adjust at their own pace.
- 9 Familiar Scents: Include an item with your scent for reassurance and familiarity.
- 10 Positive Closure: End each session positively, reinforcing that the sling is a delightful experience for your puppy.

Enjoy your time with your pet!
