FLATEMATIC – EFFICIENCY CONNECTED TO YOUR TIRES

Inflate faster, safer, and with no effort. From light vehicles to high-pressure tires, choose the Flatematic model that fits your needs and boost productivity with every use.

FLATEMATIC SINGLE MW-60

- Single outlet – ideal for light vehicles
- Max pressure: 145 psi
- Inflation time: 2 min 20 sec for one 11R22.5 tire from 0 to 100 psi
- Backlit LCD screen, 4 measuring units
- Over Pressure System (OPS), nitrogen compatible
- Wall-mounted, ease of use with 25 ft hose

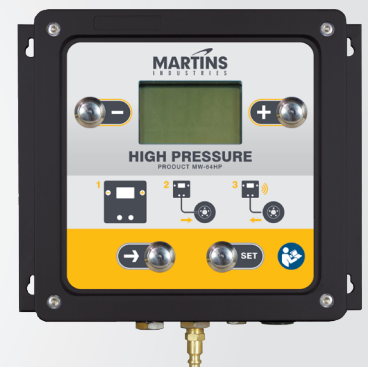

FLATEMATIC 4-WAY MW-60-4WAY

- 4 outlets – inflate 1 to 4 tires at the same time
- Max pressure: 145 psi
- Inflation time: 4 min 12 sec to inflate 4 x 11R22.5 tires from 0 to 100 psi
- High airflow – efficient inflation even with 4 outlets
- Backlit LCD screen, 4 measuring units
- Over Pressure System (OPS), nitrogen compatible
- Wall-mounted, 8 ft hose per outlet

FLATEMATIC HIGH PRESSURE MW-64HP

- Max pressure: 232 psi – designed for high-pressure tires
- Inflation time: 2 min 20 sec for one 11R22.5 tire from 0 to 100 psi
- Nitrogen purge function – up to 5 cycles for greater accuracy
- Backlit LCD screen, 4 measuring units
- Over Pressure System (OPS)

MW-60

Outlets
1

Max pressure
145 psi / 10 bar

Airflow
92 CFM / 2600 L/min

Inflation time*
2 min

Other features
Over Pressure System (OPS)

MW-60-4WAY

Outlets
1 to 4

Max pressure
145 psi / 10 bar

Airflow
128 CFM / 3600 L/min

Inflation time*
4 min

Other features
Over Pressure System (OPS)

MW-64HP

Outlets
1

Max pressure
232 psi / 16 bar

Airflow
92 CFM / 2600 L/min

Inflation time*
2 min

Other features
Nitrogen purge cycles (up to 5)

**Inflation time for one 11R22.5 tire from 0 to 100 psi*
