EQUIPMENT  
MANUFACTURER

# SAFETY SEAL

by MARTINS

## Quick repairs. Confident returns to the roads.

Safety Seal products provide a simple, fast, and long-lasting solution for puncture repairs—on the road or out in the field.

Built to the highest quality standards, our professional-grade repair products deliver a reliable seal without removing the tire. Whether it's an ATV, a car, agricultural equipment, or a heavy-duty truck, Safety Seal gets you safely back on the road in just minutes. Trust a proven method, used worldwide since 1964.

### Quality and Durability

- Made of 24 plies of chemical-resistant nylon yarn.
- 250% rubber to yarn ratio.
- Chemicals formulated with the highest-quality ingredients.
- Made in USA.

### Practicality and Versatility

- Premium tools with knurled stainless steel handles.
- Compact, complete kits suitable for all types of vehicles.
- Replacement parts available to extend the life of the kit.
