

Getting Started

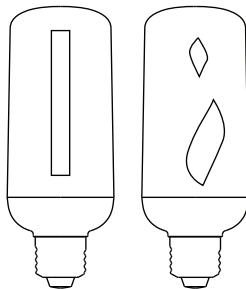

Thank you for choosing FoxFlame—makers of the most realistic flame bulb on the market.

Please note: This is not a high-output bulb. The LED Flame Bulb is designed to create a gas flame ambiance. It's ideal for mood lighting, but not intended to illuminate large spaces.

Operation

The bulb has two modes:

Constant

Flame

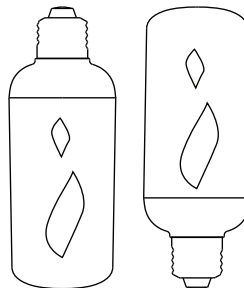

To switch modes:
Turn the power
off, then back on
quickly.

Uses

Reversible

Perfect for:

- Indoor lamps
- Outdoor fixtures
- Front door lighting
- Halloween decor

Warnings

-Do not submerge in water.

-Neighbors may mistake the light for an unattended open flame. Assure them FoxFlame is 100% safe!

-Designed for ambient lighting—this is not a high-output bulb.
