**FLAME
STRING
LIGHTS**

Thanks for purchasing the
FoxFlame Solar Flame String
Lights!

If you ever have any problems,
please reach out to:
customerservice@foxflame.com

Enjoy!

Quick Test

Press the On button on
the back of the solar
panel.

If it's sunny, place your
hand over the solar panel
to trigger night mode.

Ground

Hang the lights where you
want them.

Attache the stake to the
solar panel and place it in
a sunny area.

Deck mount

Hang the lights where you
want them.

Remove the solar swivel
mount using a Phillips
screwdriver.

Use the included screws
to mount the swivel base
to a deck or wall.

Reconnect the solar panel
to the swivel mount.

● **Solar charge time:**
6-12 hours

● **Battery run time:**
7-13 hours
(depends on
mode)

● **Light color: Flame
amber (2000k)**

● **Weatherproof IP67**

**For best results,
place in a sunny
area.**

-Do not submerge in water.

-Neighbors may mistake the
light for an unattended open
flame. Assure them FoxFlame
is 100% safe!
