

IMPORTANT SAFETY INSTRUCTIONS

When using electrical products, basic precautions should always be practiced including the following:

1. READ AND FOLLOW SAFETY INSTRUCTIONS.
2. Read and follow all instructions that are on the product or provided with the product.
3. Do not use an extension cord.
4. Reference the National Electrical Code, ANSI/NFPA 70, specifically for the installation of wiring and clearances from power and lighting conductors.
5. Installation work and electrical wiring must be done by qualified person(s) in accordance with all applicable codes and standards, including fire-rated constructions.
6. Do not install or use within 10 feet of a pool.
7. Do not use in a bathroom.
8. IMPORTANT SAFETY INSTRUCTIONS-SAVE THESE INSTRUCTIONS DANGER-TO REDUCE THE RISK OF FIRE OF ELECTRIC SHOCK, CAREFULLY. FOLLOW THESE INSTRUCTIONS.
9. For connection to a supply not in the U.S.A, use an attachment plug adapter of the proper configuration for the power outlet, if needed.
10. Please check prior use, if output voltage and current of the power supply is suitable for the product.
11. The plug is used as disconnect device. The socket-outlet shall be installed near the equipment and shall be easily accessible.
12. The cover may under no circumstances be opened, if the cover is damaged, then the power supply may no longer be used.
13. Children should be supervised to ensure that they do not play with the appliance.
14. **WARNING:** Risk of Electric Shock. When used outdoors, install only to a covered Class A GFCI protected receptacle that is weatherproof with the power unit connected to the receptacle. If one is not provided, contact a qualified electrician for proper installation. Ensure that the power unit and cord do not interfere with completely closing the receptacle cover.
15. **WARNING:** Risk of fire. Installation involves special wiring methods to run wiring through a building structure. Consult a qualified electrician.
16. **WARNING:** Not for use with receptacles that are weatherproof only when the receptacles is covered (attachment plug cap not inserted and receptacle cover closed).
17. **WARNING:** Risk of Electric Shock. Mount the unit at a height greater than 1 foot from the ground surface.

SAVE THESE INSTRUCTIONS- This manual contains important safety and operating instructions for power units.

WARNING

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference provide reasonable protection against harmful interference and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and receiver.
- interference by one or more of the following measures: from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
