24"	160
36"	87
48"	36

*Panels easily
overlap rafters
and fasten to
existing structure.*

EZ GLAZE™

POLYCARBONATE PANEL

3X thicker than traditional polycarbonate panels, EZ Glaze premium panels offer the visibility and sleek look of glass at less than half the weight.

EZ Glaze's innovative panel design can be installed directly to rafters on 24-inch centers or over purlins as required. The edge corrugation easily overlaps rafters/purlins and connects to the supporting structure.
