### TRI-FUEL (GASOLINE/PROPANE/ NATURAL GAS)

Tri-fuel generators offer the flexibility of using either gasoline, propane, or natural gas.

### CO SENTRY

CO SENTRY EQUIPPED alerts you when carbon monoxide is present with auto shut-off.

### QUIET OPERATION

58 dB noise level - ideal for use in residential areas and approved for all campgrounds, state and national parks.

### ECO MODE

Save fuel when using ECO MODE, producing the power you need while providing 9.5 hours run time at half load on 6.6 gallon fuel tank.

### CLEAN POWER

Digital power for use with sensitive electronics, such as laptops, cell phones and TVs as well as refrigerators, freezers, power tools, air compressors and electric griddles, through four 20 A 120V outlets, one 30 A 120/240V twist-lock outlet, one 50 A 120/240V heavy-duty industrial outlet, one USB C Port, and one USB A Port.

### PARALLEL CAPABLE

Add a second unit and transfer switch to double the power. *(Parallel kit not included)*

### PORTABILITY

Includes wheel kit making it easy to transport. Ideal for hunting, fishing, camping, tailgating and emergency power at home.

### REMOTE & E-START

Easily start and stop your generator from a distance. Whether you're preparing for a storm, heading out on a camping trip, or needing backup power for your job site, remote start is reliable and hassle-free.
