Adult Swing Usage Instructions

1.Cushion Usage Recommendation

We recommend always using the manufacturer-supplied cushion. For better comfort and support, avoid sitting directly on the seat without this designated cushion—using the cushion enhances both user experience and basic support.

2.Canopy Installation Guide

It is recommended to fully install the canopy during initial assembly. This aligns with the product's safety design and helps improve seat stability.

3.Bed Mode Conversion Tip

Before using bed mode, we suggest confirming the locking buckle is securely fastened to ensure safe use.

4.Screw Tightening Recommendation

For optimal safety, use the recommended tool to fully insert and tighten all factory-provided hardware. After first use, and approximately monthly thereafter, check screw tightness—it's a practical step to maintain device stability.

ATTENTION

1.To adjust the angle of the canopy, please loosen the knobs on both sides, then align the gears and tighten.

2.If you find that the Velcro on one side of the canopy won't snap on, loosen the Velcro on the other side to adjust the distance. Both sides should maintain a tight feel.

Warning

This product must be assembled strictly in accordance with the instructions, including all components. Use the product correctly by strictly following the usage guidelines. The manufacturer assumes no liability for any potential risks, damages, or injuries resulting from failure to comply with the above requirements.

Failure to follow the above instructions may result in product damage, injury, or voiding of warranty. This swing is designed for use only with all original manufacturer-provided components, including the seat cushion and canopy. Modification, removal, or omission of required parts is strictly prohibited and may compromise safety.

Users are responsible for ensuring that all hardware and components are properly installed and maintained, including tightening screws after the first use and performing monthly checks. Always confirm the locking buckle is engaged before using the swing in bed mode.

Our company assumes no responsibility or liability for injuries, accidents, or property damage arising from improper assembly, misuse, unauthorized modifications, neglect, or failure to comply with these instructions. Warranty coverage is limited to defects in materials and workmanship under normal, intended use.
