

5250W DUAL FUEL INVERTER GENERATOR

Item Number: PGX5250BiXCO

Specifications

Fuel Type:	Dual Fuel
Peak Power:	GAS 5250W/ LPG 4700W
Running Power:	GAS 4000W / LPG 3600W
Displacement:	223cc
Engine Type:	Single cylinder, 4-Stroke(OHV)
Start Type:	Recoil Start
Power Output:	8hp
Noise Level:	70dB
Low Oil Shut Off:	YES
Run Time at Half Load:	6h
Fuel Tank Capacity:	2.1 Gallon
Voltage Rating:	120V
AC/DC Output Outlets:	1* AC 120V 30A 2* AC 120V 20A, 1* 12V DC Output Terminal
Data Display:	YES
Gasoline Burn at Half Load:	0.38 gal/hr
Propane Burn at Half Load:	1.75 lb/hr
Oil Included:	21 fl oz
Product Dimensions:	17.5"L x 15"W x 19.5"H
Item Weight:	64lb
Warranty:	3-Year

Product Features

- Dual Fuel: Allows your generator to run on either gasoline or propane, offering the freedom and flexibility of fuel choice
- Clean Power: The inverter's electronics technology produces a sine wave that outputs fewer fuel emissions and much cleaner power than a traditional generator
- Mobile and Versatile: The ability to provide power whether you're at home, on an RV trip, or at the jobsite
- Low Idle Switch: Enhanced fuel efficiency, variable engine speeds allow 30% to 50% higher fuel efficiency than a traditional generator
- Overload Protection, Short Circuit Protection
