

1500W INVERTER GENERATOR

Item Number: PG1500iS

Specifications

Fuel Type:	Gasoline
Peak Power:	1500W
Running Power:	1200W
Displacement:	56cc
Engine Type:	Single cylinder, 4-Stroke(OHV)
Start Type:	Recoil
Noise Level:	57dB
Low Oil Shut Off:	YES
Run Time at Half Load:	5h
Fuel Tank Capacity:	0.8 Gallon
Voltage Rating:	120V
AC/DC Output Outlets:	2* AC 120V 20A, 1* USB-A & USB-C 1* DC 12V 8A
Parallel Capability:	YES
Oil Included:	YES
Product Dimensions:	16.5"L x 10"W x 16"H
Item Weight:	31lbs
Warranty:	3-Year

Product Features

- Clean Power: The inverter's electronics technology produces a sine wave that outputs fewer fuel emissions and much cleaner power than a traditional generator
- Mobile and Versatile: The ability to provide power whether you're at home, on an RV trip, or at the jobsite
- Low Idle Switch: Enhanced fuel efficiency, variable engine speeds allow 30% to 50% higher fuel efficiency than a traditional generator
- Parallel Ready: Allows you to connect two inverter generators together to double your power
- Overload Protection, Short Circuit Protection
