WITH ALARM & FLASHLIGHT

Scan For Tips & Tricks For Use

DO NOT use this product until you have read the product instruction manual. Save this manual for future reference.

CONTENTS:

1 × Defy 3-in-1 Pepper Spray Holster with Alarm & Flashlight
1 × 0.42 oz (12G) Pepper Spray Canister (pre-installed)

BEFORE FIRST USE

Check expiration date – potency may diminish over time. The expiration date is located on the sticker attached to your holster. **Do not discard this manual or the sticker** - keep in a safe place for future reference.
Carefully remove the clear plastic pull tab protruding from the battery compartment.

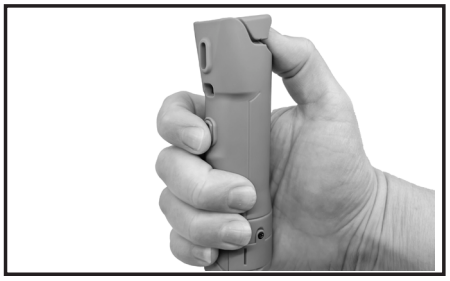

USE

Pepper Spray & Alarm

1. Grasp the device and ensure that the index finger is positioned below the spray nozzle.
2. Insert thumb under the spray button protective flip top and apply downward pressure to initiate the spray. Alarm sounds when pepper spray actuator is engaged. Aim for the bridge of the assailant's nose and spray from ear to ear across the eyes.
3. To deactivate the alarm, press and hold the power button for approximately 2-3 seconds until the alarm stops.

IMPORTANT: Avoid spraying into the wind whenever possible. If unavoidable, shield your face, sidestep immediately, and move to safety to minimize exposure to airborne pepper spray.

Alarm Only

1. For alarm activation without deploying pepper spray, press and hold the power button for approximately 2-3 seconds.
2. To deactivate the alarm, press and hold the alarm button for approximately 2-3 seconds until the alarm stops.

Note: In instances of prolonged inactivity, it is advisable to assess the device's operational status and, if necessary, replace the batteries at regular intervals of no more than six months.

Flashlight Only

1. Quick press the power button twice to turn flashlight ON.
2. Quick press the power button twice again to turn the flashlight OFF.

REPLACING BATTERIES

1. Using a #0 Phillips head screwdriver or similar size, turn the screw counterclockwise to loosen and remove the screw from the battery tray.
2. Gently pull the battery tray from the lower alarm compartment by applying outward pressure to the small notch on the bottom of the battery tray.
3. Remove the 4 old LR44/AG13 batteries from the battery tray and properly dispose of them immediately.
4. Replace with 4 new LR44/AG13 batteries according to the polarity graphic located inside the battery tray.
5. Replace the battery tray in the lower alarm compartment and tighten the screw clockwise.
6. Test the alarm only function to verify alarm operation.

ACTIVE INGREDIENTS

CAPSAICINOIDS FROM CAPSICUM PEPPER.
Pepper Spray canister IS NOT REPLACEABLE. Do not attempt to remove – contents under pressure.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
