
Product Description

An EDC pocket knife based on an American classic, the 110 Folding Hunter, the 110 Slim possesses the same traditional features but sports a more modern look. The deep carry pocket clip is added based on the overwhelming customer demand and allows for quick and easy access in any situation. The 8.625" knife folds down to 4.875" when closed for easy carry. With easy one-handed opening, the 420HC stainless steel blade provides supreme edge retention. To decrease the weight and thickness, the heavier bolsters and handles were replaced with lightweight molded nylon while still maintaining the same quality and rigidity of the original 110.

MADE IN THE USA

Proudly made in the USA with the utmost care to ensure the best materials and workmanship.

HEAT TREATED

Each blade is put through a rigorous heat treat process and quality performance test.

LIFETIME WARRANTY

We warranty each Buck knife to be free from defects and workmanship for the life of the knife.
