Model: SML-3201

- ◆ Please carefully read this manual before using the product.
- ◆ Keep the manual with you for reference as needed.

PLEASE FULLY CHARGE THE PRODUCT BEFORE USING

- Please charge for about 4 hours before using this product for the first time.
- Charging time may be very depending on the weather, temperature, and seasons.
- Do not charge the product indoors or any place where direct sunlight can't reach. Otherwise, the product will not charge properly.
- Please keep the solar panel clean to make sure the product can be properly charged.
Frequently clean the solar panel as needed. Avoid scratching on the panel or it may lower charging efficiency.

INSTALLATION INSTRUCTIONS

1. Create holes, insert anchors, and install screws

Mark the mounting points, drill the holes, insert the wall anchors, and drive the supplied screws into place, leaving a portion of the threading exposed.

2. Turn on the light fixture

Press the power button located on the back of the fixture to power on before installation.

3. Mount the light fixture

Align the fixture's keyholes with the exposed screws and secure it in place.

WARNING & NOTICE

- Do not look directly at the LED light, or it may damage your eyes.
- Do not attempt to disassemble or remodel the product. Any changes can be dangerous and will void the warranty.
- Please keep the product away from flammable items, or explosion or casual injuries may occur.
- Please switch OFF the product when it is not in use for a long period of time.
