BG1/8

Pressure Gauge | 0–200 PSI | 1/8" NPT

A compact gauge designed for everyday air-pressure readings. The 1/8-inch NPT brass connection threads directly into compatible compressors, tanks, regulators, and air lines. This gauge can be used as a replacement for select models from the following brands: PTO Heavy Duty Equipment, Industrial Gold, Ingersoll Rand, Quincy, Champion, Campbell Hausfeld, Craftsman, Porter-Cable, and DeWalt.

Features

- 1.5” dial
- 0–200 psi range
- 1/8” NPT male connection
- Back mount

Specifications

Model	BG1/8
Range	0–200 psi
Dial Size	1 5/8” (42 mm)
Connection	1/8” NPT, male
Mounting	Back
Case	Black steel
Connection Material	Brass
Lens	Clear plastic
