FEATURES

ADJUSTABLE PRESSURE CONTROL Customize Dial in the perfect spray—from fine mist to high-pressure—ideal for any pest control job.

COVER MORE LAND

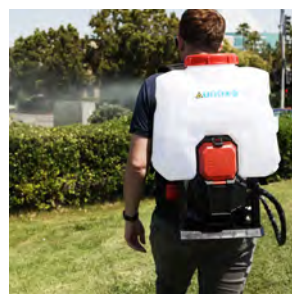

Fewer refills with a large tank for pesticides, herbicides, or fertilizer.

COMFORT-FOCUSED PADDED STRAPS

Padded, adjustable backpack straps reduce fatigue on long jobs.

EXTENDED REACH

Flexible hose makes it easy to navigate tight spaces without moving the unit.

COVER MORE LAND

Spray 1 acre in 15 minutes with up to 30ft of reach around tall trees and buildings

10x FASTER

Spray 10x Faster with constant, adjustable pressure from 50-450 PSI

VERSATILE USE

Handles pesticides, herbicides, and fertilizers for lawns, gardens, and pest control.

SAVE MONEY

Pro-grade results without hiring a contractor—great for DIYers and pros alike.

NO GAS, NO HASSLE

Serious pros need serious equipment. Tomahawk Battery-Powered Sprayers are built for pest control techs and landscapers who demand performance they can count on - every job, every day! Powered by a 36V lithium-ion battery and a durable brushless motor, this 5-gallon sprayer delivers adjustable pressure and a 30-foot reach - without the noise, mess, or maintenance of gas-powered units.
