

Dear valued customer,

We want you to be pleased with the performance of the K&M product you purchased. To enjoy this product properly, please treat it with care. Neglect and improper handling may impair its performance and is not covered by this limited warranty.

All K&M products carry a 1-year warranty against defects in workmanship. Should any product fail under normal use within that time, we will repair or replace it free of charge. If you purchased a K&M product from your dealer, please contact them for warranty administration. If you purchased directly from K&M, please contact us at (800) 328-1752.

In addition to the normal warranty, K&M shall warrant some normal wear items from defects in material or workmanship for a period of 30 days from the date of purchase by user.

This limited warranty applies to the original purchaser of the equipment, is non-transferable, and covers parts and labor. Parts will be replaced or repaired at no charge, except when the equipment has failed due to lack of proper maintenance. If a part is no longer available, the part may be replaced with a similar part of equal function. Any misuse, abuse, alteration or improper installation or operations will void warranty. Determining whether a part is to be replaced or repaired is the sole decision of K&M. K&M will not provide for replacement of complete products due to defective parts. Any costs incurred due to replacement or repair of items outside of a K&M approved facility is the responsibility of the buyer and not covered under warranty. Transportation costs to and from service center and/or service calls are the responsibility of the customer.

This limited warranty specifically excludes the following; failure of parts due to damage caused by accident, fire, flood, windstorm, acts of God, applications not approved by K&M in writing, corrosion caused by chemicals, use of replacement parts which do not conform to manufacturer's specifications, damage related to rodent and/or insect infestation and damage caused by vandalism. Additional exclusions: loss of running time, inconvenience, loss of income, or loss of use, including any implied warranty of merchantability of fitness for a specific use. Also, equipment needs periodic parts and service to perform well, and this limited warranty does not cover instances when normal use has exhausted the life of a component.
