### How to Clean and Maintain Gold Candle Holders:

1.Regularly use a soft cloth or microfiber cloth to gently wipe the gold candle holders, removing dust and maintaining their shine.

2.Handle with care to avoid impacts or accidental drops, especially since the glass components are prone to breakage.

3.Place the gold candle holders on a stable and flat surface, away from areas where they could easily tip over or be knocked.

4.When not in use, store the gold candle holders properly to protect them from dust and potential damage. Wrap the glass parts with a soft cloth or bubble wrap and store them in a dry place.
