Industry-First Robot Vacuum with MaxiReachX™ Tech

MOVA V70 Ultra Complete

Beyond Clean, Beyond Limits

Powered by MaxiReachX™, the V70 Ultra Complete features a redesigned side brush and mop extension to reach deep into corners. With 42,000Pa* suction, 300RPM* mop speed, and 15N* downward pressure, it delivers powerful deep cleaning. The EcoCyclone™ Bagless Dust Tank eliminates disposable bags for a more sustainable solution. With 9cm(3.54in) threshold climbing, a retractable navigation sensor, and 300+ obstacle recognition, it navigates intelligently. A 6400mAh battery provides up to 30% faster charging* and Smart Resume. Experience a deeper, comprehensive clean right to the edges.

Key Features

Ultimate MaxiReachX™ Edge Cleaning

With the industry's furthest reach, the 12cm(4.72in)* side brush and 17cm(6.69in)* mop sweep and scrub deep into tight spaces. The mop's multi-angle adjustment ensures thorough cleaning deep under furniture, without scratching surfaces damaging your delicate furniture.

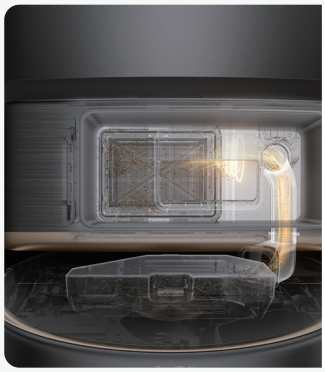

42,000Pa* Hurricane-Level Suction

Tackle stubborn messes with 42,000Pa* hurricane-like suction that lifts debris and hair, while the 300RPM* mop applies 15N* of consistent downward pressure to break down dried residue in a single, powerful pass.

Up to 9cm(3.54in)* Obstacle-Crossing

StepMaster™ system 2.0 enables your robot vacuum navigates steps and thresholds up to 9cm(3.54in)* high. When encoutering challenging obstacles, it extends its retractable legs to lift the chassis for smooth, uninterrupted passage.

Streamlined Maintenance for a Lasting Clean

The All-in-One Base Station automates refilling, emptying, 100°C(212°F)* PTC system for mop washing, and recharging to simplify your cleaning routine. Paired with the EcoCyclone™ Bagless Dust Tank, it reduces waste while eliminating disposable bag costs.

Features

- 17cm(6.69in)* MaxiReachX™ Mop Extension
- 12cm(4.72in)* MaxiReachX™ Side Brush Extension
- EcoCyclone™ Dust Collection
- 42,000Pa* Hurricane-Level Suction
- Up to 9cm(3.54in)* Obstacle-Crossing
- Smart-Protect Fast Charging & Resume Cleaning
- 100°C(212°F)* PTC for JetSpray Dryboard™ 2.0
- 15N* Downward Pressure & 300RPM* Mop Motor

Specifications

Robot Vacuum Dimensions	350*350*88 mm(13.78*13.78*3.46in)
Base Station Dimensions	420*458*470 mm(16.54*18*18.5in)
Maximum Suction	42,000Pa
Obstacle Crossing Height	9cm(3.54in)
Side Brush Extension	12cm(4.72in)
Mop Extension	17cm(6.69in)
Mop Lift Height	10.5mm(0.41in)
Detachable Mop Pads	√
Mop Rotation Speed	300RPM
Mop Pad Downwards Pressure	15N
Clean Water Tank Capacity	4.0L
Waste Water Tank Capacity	3.5L
Battery Capacity	6,400mAh

What's in the Box

- Robot Vacuum x1
- Base Station x1
- Main Brush x1 (pre-installed)
- Side Brush x1 (pre-installed)
- Mop Pads x2 (pre-installed)
- Mop Pad Holders x2
- Washboard Filter x1 (pre-installed)
- Dust Tank x1 (pre-installed, including filter)
- Auto Solution Dispenser Module - Dual Compartment x1 (pre-installed)
- Base Station Ramp Extension x1
- User Manual x1
- Quick Start Guide x1
- Extra Accessories Kit*

*The illustrations in this leaflet are for reference only. Please refer to the actual product.

*17cm(6.69in): Refers to the straight-line distance from the outermost edge of the mop pad to the pivot center when the "Smart MopExtend" mode is activated. Actual measurements may vary by ±5% depending on test conditions. For precise details, refer to the actual product.
*12cm(4.72in): Refers to the maximum distance from the robot body to the outer edge of the extended side brush. Actual performance may vary depending on the real-world environment and usage.
*9cm(3.54in): This refers to the combined height of two steps spaced 25cm(9.06in) apart. For a single obstacle or vertical step, it can cross up to 4.5cm(1.77in). Based on tests in our in-house lab. Actual results may vary depending on environmental factors.
*42,000Pa, 300RPM, 15N: Based on our in-house lab tests.
*EcoCyclone™: Product series name only. Does not indicate the use of cyclonic separation technology
*100°C(212°F): Refers to the surface temperature of the washboard's PTC heating system under ambient room temperature conditions (around 25°C(73.4°F)), based on our in-house lab test data. Actual temperature may vary depending on environmental factors.
*300+ obstacles identification: Based on our in-house lab data. Actual performance may vary depending on environmental factors.
*30% faster: Based on our in-house lab data. Charging speed is up to 30% faster compared to previous fast-charge models (e.g., 50 and 60 Series). Actual results may vary.
*V70 Ultra Complete extra accessory kit includes: • Main Brush x1 • Side Brush x1 • Dust Box Filter x2 • Mop Pads x6 • 1L Solution x1 • 200ml Solution x1
