Window Cleaning Robot N1

Compact Power Cleans Every Corner

Window Cleaning Robot N1

Compact Power Cleans Every Corner

Weighing only 1.3kg, N1 is a lightweight multifunctional window cleaning robot that combines intelligence with convenience. Its dual-wing mist-cleaning system and high-precision sensors deliver streak-free and efficient results, while intelligent path planning and multiple modes adapt to different cleaning needs. With 12-layer protection, it ensures safe and reliable operation. Enjoy effortless cleaning via one-touch control, remote control, or the app. Window cleaning is simpler and quieter than ever before.

Key Features

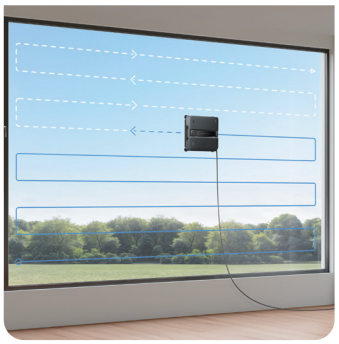

Compact Fits Where You Need It

Equipped with a miniaturized fan, its compact 215 x 215mm build and ultra-thin 59mm profile fit small or multi-pane windows, slip through narrow grilles, and store neatly to save space.

Dual-Wing Mist-Cleaning System Shines While It Glides

The dual-wing mist system delivers high-pressure micron-level spray to dissolve dirt reducing drips. Paired with a high-retention microfiber cloth, it wipes evenly in real time. The 120ml* large water tank can clean 32m²* of windows in one go.
*120ml&32m²:Data based on our in-house lab under controlled conditions. Actual performance may vary depending on usage, environment, and other factors.

Intelligent Path Planning for More Responsive Operation

Equipped with multiple high-precision sensors, it intelligently detects the edges around the glass and adjusts its posture accordingly. The dynamic data processing algorithm proactively matches a "Z" or "N" cleaning path for efficient coverage and no missed spots.

Comprehensive Protection for Peace of Mind

Equipped with 8000 Pa* suction, pressure compensation, climbing wheels, anti-slip tracks, precision sensors, voice alerts, power-off protection, physical protection, commercial insurance and more, N1 delivers stable and reliable performance.
*8000Pa: Refers to the max suction based on our in-house lab tests. Actual performance may vary depending on environmental factors.

Specifications

Product Dimensions	215 x 215 x 59mm
Product Weight	1.3kg
Max. Cleaning Performance	2 x 3m
Min. Cleaning Performance	30 x 45cm
Cleaning Modes	6
Suction Power	8000Pa
Cloth Type	Washable
Safety Rope	Yes
Area Coverage	>90%
Path Planning	Z/N
Noise Level	72dB(A)
APP Control	Yes

Features

- Compact Design
- Dual-Wing Mist-Cleaning
- Intelligent Path Planning
- Smart Obstacle Avoidance
- Comprehensive Protection
- Multisurface Cleaning

What's in the Box

- Window Cleaning Robot x1
- Cleaning Cloth x2
- Remote Control x1
- 100ml Window Cleaning Solution x1
- Quick Start Guide x1
- User Manual x1
