If left untreated, wood will naturally weather. During long periods of non-use, store furniture or cooler in covered and dry place. For the least maintenance, place your furniture, cooler, or accessory under a covered area.

To preserve and maintain the original finish of this cooler/furniture, a natural tung/linseed/Danish oil (with stain), which can be found at your local hardware store, should be applied. Please note the cooler/furniture has been stained and oiled before being packaged. If the wood is not maintained, the wood will naturally grey in color.

Remove the cooler/furniture completely from sunlight prior to applying oil. Apply generously and remove any excess oil with cloth.

For all painted wood finish products, we reccomend that you use a latex based paint the matching color, Before painting, a light sanding with a fine grit sandpaper might be neccessary to prep your product for a new paint coating.
