Outdoor Cam Plus

Power over Ethernet

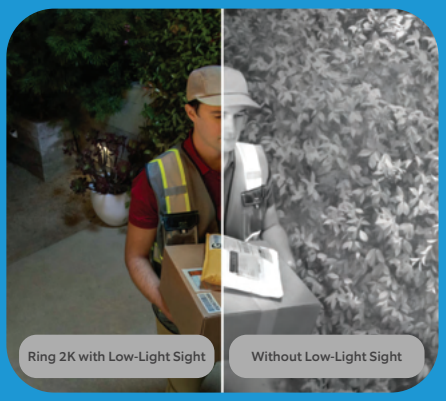

Featuring Wide-Angle 2K Video with Ring Vision

- Wide-Angle 2K Video with Ring Vision
- Low-Light Sight
- Mount-Anywhere Versatility
- 24/7 Recording[1] (Subscription Required)
- Two-Way Talk & Motion Alerts

Every detail. Built for anywhere.

With an easy-to-install mount, weather-resistant build, and multiple power options, Outdoor Cam Plus goes exactly where you need it most. Want it indoors? That works, too. Outdoor Cam Plus is built for outside, but ready for anywhere.

Full-color from dusk to dawn.

Make the most of Ring's enhanced imaging sensors to reveal true-to-life color in the near-dark - all in a wide field of view. With Low-Light Sight, nearby street lighting is all you need for a clear, colorful view at any hour.

All day. Every day. See it all.

With Outdoor Cam Plus (PoE), use 24/7 Recording to capture every moment - even things that happened outside your motion areas - nonstop. Your 24/7 footage is saved up to 14 days, so you don't miss a thing[1]. Ring Home Premium subscription required, sold separately.

1. 24/7 Recording is limited to 10 devices at one location. Not compatible with select features. Recordings are temporarily stored in the cloud, up to 14 days. This feature is dependent upon network connectivity and other factors.

Technical Specifications

Video:	Wide-Angle 2K Video, Live View, Color Night Vision
Field of View:	160° Diagonal, 140° Horizontal, 80° Vertical
Motion Detection:	Advanced Motion Detection with Customizable Motion Zones

Compatible Accessories

Ring Chime Pro
Hear notifications anywhere in your home when motion is detected. Plus, amplify all your devices and boost your Wi-Fi network to all your Ring Doorbells and Cams.

Voice Assistant
Enjoy hands-free home monitoring with select Alexa-enabled devices. Hear custom notifications and use two-way talk with audio-only Echo devices, and launch video with Echo Show, Fire TV and Fire Tablets.

Setup Requirement:

Requires existing PoE+ power supply (PoE+ switch or power injector with Ethernet port).

Can sit freestanding on a flat surface with the cable exposed by using the included PoE+ Adapter (indoor use only).

Can be mounted on a wall or ceiling with the cable exposed by using the included base with PoE+ Adapter (indoor use only). To hide the cable, use the included junction box mount on a wall or ceiling (indoors or outdoors).

Professional installation recommended.
