Floodlight Cam Pro

Protect large outdoor areas with Ring's most advanced 4K floodlight camera.

4K

Retinal 4K with 10x Enhanced Zoom

Low-Light Sight

Wide Field of View

85dB Siren & 2000 Lumen Spotlights

3D Motion Detection

Bold Lights. Brilliant 4K clarity.

Our most powerful floodlight camera shows you critcal details - even at a distance - thanks to Retinal 4K. With up to 10x Enhanced Zoom, easily inspect critical details with a pinch of your fingers.

Give them nowhere to hide.

Our super bright outdoor camera lights up the night with two, motion-activated floodlights. Adjust the lumens from 200 to 2000 for more coverage across your yard or property.

Precise alerts, not interruptions.

The radar-powered precision of 3D Motion Detection delivers super-accurate alerts tailored to your home. Map out zones to know about security events like activity in the driveway, but not the sidewalk.

Tech Specs - Floodlight Cam Pro (2nd Gen)

Size and Color	**Dimensions**	8.78 in x 12.87 in x 7.8 in (223 mm x 327 mm x 198 mm)
	Available Colors	Black, White
Features	**Video**	4K video resolution, Low-Light Sight, up to 10x Enhanced Zoom
	Motion Detection	Radar 3D Motion Detection with Customizable Motion Zones
	Field of View	140° Horizontal, 85° Vertical
	Audio	Two-Way Talk with Audio+ and advanced noise cancellation
	Siren	Remote-activated security siren
	Lights	**Brightness:** 2000 lumens **Color Temperature:** 3000 Kelvin warm white
Power and Connectivity	**Power**	Hardwired (110-240V)
	Internet Requirements	Recommended minimum upload speed of 15 Mbps for optimal performance. Video resolution may vary depending on internet bandwidth.
	Connectivity	Wi-Fi 6 (802.11ax), Dual-Band Wi-Fi connection @ 2.4GHz, 5.0GHz
Installation	**Operating Conditions**	-5°F to 120°F (-20°C to 48.5°C), Weather Resistant
	Floodlight Fixture	Integrated and adjustable floodlight. Product can be mounted on a wall or ceiling.
General	**Warranty**	One-year limited warranty. Theft protection

Compatible Accessories

Ring Plug-In Mount
Connect Floodlight Cam Pro (2nd Gen) into a standard outlet for non-stop power. This plug-in mount allows you to install Floodlight Cam Pro (2nd Gen) in homes that don't already have a junction box or existing outdoor wiring.

Ring Chime Pro
Hear notifications anywhere in your home when motion is detected. Plus, amplify all your devices and boost your Wi-Fi network to all your Ring Doorbells and Cams.

Voice Assistant
Enjoy hands-free home monitoring with select Alexa-enabled devices. Hear custom notifications and use two-way talk with audio-only Echo devices, and launch video with Echo Show, Fire TV and Fire Tablets.

1. Requires a compatible Ring subscription. Sold separately. 24/7 Recording is limited to 10 devices at one location. Not compatible with select features. Recordings are temporarily stored in the cloud, up to 14 days. This feature is dependent upon network connectivity and other factors.

Frequently Asked Questions

What is 4K video quality? Floodlight Cam Pro (2nd Gen) features Retinal 4K video quality, which means it captures footage at a resolution of 3840 x 2160 pixels. When viewing the same field of view, this provides four times the detail of 1080p HD, resulting in clear and crisp video. The 4K resolution allows for more detailed zooming without losing image quality, making it easier to identify people, objects, or license plates in the footage.

Will the camera automatically adjust video quality based on internet speed? Yes, the camera features adaptive bit rate streaming technology that automatically adjusts video quality based on your available bandwidth to maintain a stable connection.

What is the minimum internet speed required for 4K streaming? A minimum upload speed of 15 Mbps is recommended. For the best experience with 4K video recording and streaming, we recommend at least 20 Mbps upload speed.

How does 10x Enhanced Zoom work on Floodlight Cam Pro (2nd Gen)? Floodlight Cam Pro (2nd Gen) can get closer to the action with up to 10x Enhanced Zoom, available in the Ring App. The feature uses 4K resolution to maintain clarity even when zoomed in, allowing you to get a closer look at important details and identify people, objects, or license plates with greater accuracy.

How can I mount Floodlight Cam Pro (2nd Gen)? You can mount Floodlight Cam Pro (2nd Gen) on a ceiling or a wall. With the easy-to-install mount included in the box, weather-resistant build, Floodlight Cam Pro (2nd Gen) goes exactly where you need it most.
