Spotlight Cam Plus

The next generation of our Spotlight Cam to help protect key areas and blind spots.

1080p HD Video with Color Night Vision

Motion-Activated Notifications

Two-Way Talk

2 LED Spotlights

Built-In Security Siren

Standard 2.4 GHz Connectivity

Always in the know. Never in the dark.

Shine a light on your home security with Spotlight Cam Plus - a versatile outdoor dynamo fit for any property. See vivid detail with HD video in almost any weather. Deter threats with built-in spotlights. And get real-time alerts when there's motion in your yard.

Take action in the moment.

When something moves into view, your camera springs into action - helping you quickly deter threats and disturbances both automatically and in the Ring App.

Works with Alexa.

Combine Spotlight Cam Plus with Alexa for hands-free home monitoring. When anyone triggers Ring's built-in motion zones, your Echo device will illuminate and make an announcement, so you'll always know when someone's there. If you have an Echo Show, you can also see, hear and speak to anyone captured on camera.

Technical Specifications

Video:	1080p HD, Live View, Color Night Vision

Add-Ons

Ring Chime Pro

Hear notifications anywhere in your home when motion is detected. Plus, amplify all your devices and boost your Wi-Fi network to all your Ring Video Doorbells and Cams.

Voice Assistant

Enjoy hands-free home monitoring with select Alexa-enabled devices. Hear custom notifications and use two-way talk with audio-only Echo devices, and launch video with Echo Show, Fire TV and Fire Tablets.

Ring Solar Panel (2nd Generation)

With at least 3-4 hours of direct sunlight a day, the Ring Solar Panel connects to Spotlight Cam Plus for a continuous charge, so you'll never run out of power.

Frequently Asked Questions

What is the difference between Spotlight Cam Plus and Spotlight Cam Pro?

Ring Spotlight Cam Plus includes Live View, Two-Way Talk, Advanced Motion Detection, Customizable Motion Zones, Customizable Privacy Settings, Color Night Vision, and an easy to use app. Ring Spotlight Cam Pro builds upon all these great features with a new design and advanced features including 2K Video, radar-powered 3D Motion Detection, Bird's Eye View, Bird's Eye Zones, Audio+ for enhanced audio, HDR video, and dual-band Wi-Fi.

What's the dual power? How do I change the power source?

All models of Spotlight Cam Plus have options for dual power. This means that they have primary power sources with a backup power source to keep you connected.

Spotlight Cam Plus (Battery) comes with a Quick Release Battery Pack, and you can purchase the Indoor/Outdoor Power adapter (sold separately) for dual power. With the battery pack inserted, the camera will be powered by the adapter and will use the battery as backup.

Spotlight Cam Plus (Plug-In) comes with an AC Adapter that plugs into standard power outlets, and you can also purchase a Quick Release Battery Pack (sold separately) for dual power. With the battery pack inserted, the camera will be powered by the adapter and will use the battery as backup.

Spotlight Cam Plus (Wired) is hardwired for non-stop power. If the power goes out, the camera can switch to the included rechargeable backup battery without messing with the setup.
