Floodlight Cam Wired Plus

The next generation of our best-selling Floodlight Cam to protect large outdoor areas.

- 1080p HD Video with Color Night Vision
- Motion-Activated Notifications
- Two-Way Talk
- 2000 Lumens Floodlights
- 105dB Siren
- Standard 2.4 GHz Connectivity

See your yard from anywhere.

Get real-time notifications when motion is detected around your driveway, garage, or in the backyard. Use the Ring App to see what's happening, turn on the lights, speak to visitors, and even sound the siren when you need to.

What's in view? It's up to you.

Create your own motion zones to fine-tune which areas you want to focus on. You'll only receive alerts you care about most, and your privacy is always protected.

Works with Alexa.

Connect Floodlight Cam Wired Plus with Alexa for hands-free home monitoring. When your floodlight cam detects motion, your Echo device will illuminate and make an announcement, so you'll always know when someone's there. And if you have an Echo Show, you can also see, hear and speak to anyone captured on camera.

Frequently Asked Questions

What is the difference between Floodlight Cam Wired Plus and Floodlight Cam Wired Pro?
Ring Floodlight Cam Wired Plus includes Live View, Two-Way Talk, Advanced Motion Detection, Customizable Motion Zones, Customizable Privacy Settings, and an easy to use app. Ring Floodlight Cam Wired Pro builds upon all these great features with a new design and advanced features including radar-powered 3D Motion Detection, Bird's Eye View, Audio+ for enhanced audio, a 110dB siren, dual-band Wi-Fi and an array microphone that limits sound distortion.

Can I mount Floodlight Cam Wired Plus upside-down on a ceiling or eave?
Yes you can, if you have an existing junction box. Simply follow the instructions in the manual.

What privacy features are included with Floodlight Cam Wired Plus?
Floodlight Cam Wired Plus lets you create privacy zones that black out areas from your camera's field of view so they are not viewable in Live View or recorded in your videos. You can also disable motion recording, alerts, and audio in the Ring App. Plus, you can schedule your motion alerts to turn on and off whenever you typically leave your home and return.

What is Ring Protect?
Ring Protect is a comprehensive optional subscription service that lets you review, share and save every video and photo captured by your Floodlight Cam Wired Plus, in addition to a few extra perks. To compare and learn more about Ring Protect visit https://ring.com/protect-plans to choose a plan that works for you.

Do I need Ring Protect to use Floodlight Cam Wired Plus?
No. You can still use your doorbell or camera to watch over your home and answer the door from anywhere, even without a subscription to Ring Protect. Without Ring Protect, you'll still receive real-time notifications when anyone comes to your door, and you can answer the notifications to see, hear and speak to visitors in real time right from your mobile device.

However, without a subscription to Ring Protect, you won't be able to review any videos that you missed in real time, and you won't be able to save your videos or share them with anyone. Visit https://ring.com/protect-plans to learn more about Ring Protect and to choose a plan that works for you.
