## **Outfits for Kids in the Crew (and Babies, Too)**

Whether it's back-to-school time or you're introducing a bundle of joy to the family, find what your youngsters need in the wide range **kids' clothing** we offer. Shopping with us ensures that:

### ***They're Covered from Head to Toe, All Year***

Whether it's **T-shirts** for summer camp, **button downs and polos** for school and special outings or **tank tops** for a day at the beach, ensure they go out in style all year long with our **kids' shirts**. When it gets chilly outside, **kids' hoodies** keep them warm and can help prevent them from catching colds.

Round out their outfits with **kids' jeans, pants and shorts**, with stylish **pants** perfect for school or weekend events and **jeans** sturdy enough to handle weekend chores and fun. As the weather turns warm, swap out their pants for pairs of **kids' shorts**.

They might play sports and need to be up early for practice, or you take them on weekend hunting trips for quality time together. Extra warmth and protection are a must, so ensure their well-being with **base layers** and **socks** to go under **kids' shoes, sneakers** and boots. Even they get tired after a long day, so help them have sweet dreams in comfy **kids' pajamas**.

Meanwhile, the newest member of the family looks adorable in little bodysuits and onesies, but they grow fast, so it helps to start shopping for toddler clothes soon. We make it simple with a wide selection of **baby and toddler clothing**, so you can find something for every stage of growth.

### ***You Can Bundle Them Up for Outdoor Time in the Cold***

Very little will deter kids from wanting to be outside, and families living on farms are used to getting chores done even in messy conditions. **Kids' outerwear and cold weather clothing** protect smaller bodies in the cold and wet conditions. **Kids' jackets and coats** ensure they stay snug while offering style, while **rainwear** is ideal when they head out during April showers (and storms throughout every season). If it's just a breezy autumn day, **kids' vests** can keep them comfortable without getting too hot.

They might have some messy chores in and around the house, so **kids' overalls and coveralls** make a great choice – plus, they look adorable in them for school. When there's a bite in the air but outdoor work must get done, **cold weather overalls and coveralls** pair nicely with a pair of **kids' boots** to keep them warm and dry.

## **Practical and Fun Pet Clothing**

While furry friends have their coats to keep them warm in the house, they might need some extra warmth with **dog** and **cat clothing**. **Shirts for dogs** and **cats** show off their team spirit or personal style, and you can bundle them up for walks in the middle of winter with **dog sweaters, coats and jackets**. The hottest days pose the risk of overheating, so consider regulating their bodies with **cooling vests**.

Some animal apparel is about more than keeping them at a comfortable temperature, as **dog boots and shoes** can protect sensitive paws from hot pavement or rock salt, and **hats and scarves** safeguard their heads. If you're taking them swimming, **dog life jackets** keep them above the water and **anxiety vests and wraps** calm down canines that easily get rambunctious. When taking them out for walks in the evening, dog safety vests ensure they're visible to oncoming traffic.

They're cute on their own, but outfits make them even more adorable. Dress them up for bed in **dog pajamas** or have them celebrate game day in **dog jerseys**. If you're traveling, they can carry their

snacks and some toys in [dog packs](#). Some like to go all out on Halloween, and we make it possible with [dog](#) and [cat costumes](#), plus [dog dresses](#) if you want to go for glamorous over spooky. If they resist clothing, you can still add flair with [bandanas, ties and accessories for dogs and cats](#).
