

Why Feed Tiki Pets?

1

REAL, NATURAL INGREDIENTS

What does "real" mean? It means shredded chicken, flaked fish, whole peas and diced carrots. It's identifiable ingredients that look like they belong in your bowl, not theirs.

- ✓ **High-Quality Protein First**
Always the #1 ingredient, the protein in Tiki Pets™ foods come from high-quality animal sources, like Alaskan salmon, chicken, lamb, egg, ahi tuna and whole prawns.
- ✓ **Superfoods**
Ultra-nutritious superfoods, like kale, spinach, pumpkin, carrots and flaxseed, give cats and small dogs a boost of vitamins, minerals and fatty acids.
- ✓ **No Fillers. Nothing Fake.**
No animal by-products, corn, white potatoes, wheat, artificial flavors, colors or preservatives.
